## Teacher's instructions

*Welcome to this resource called 'C'est Halloween'. The purpose of this activity is to teach children some of the popular French phrases related to Halloween.*

This resource comes with two worksheets – one with the French phrases already included and one that has blank spaces where the pupils can write in the phrases. These should be used in conjunction with the Powerpoint file 'Camembear's Halloween'

**Method 1** - Run the slideshow from slide 1. Show each of the phrases one at a time, reading out as you go along. Allow the children to look at the same phrases by using *Sheet 1*. Ask the children to repeat the phrases as you go through each of them.

Move on (by clicking space) and go through each of the items again asking the pupils to shout out the French phrases.

**Method 2** - as with Method 1 but hand out *Sheet 2* instead and ask the pupils to fill in the blank spaces as they go along.
